

City of Houston—Houston Public Works
Code Enforcement Green Building Resource Center

Presents an Education Seminar in partnership with the Texas Chapter of the US Green Building Council

This 2018 series is generously underwritten by  **ROCKWOOL**

**Your Morning Cup of Coffee Is in Danger.
Can the Industry Adapt in Time?**

The Sustainability of Coffee?

What does coffee have to do with green building? Where do we make most of our coffee? Where do we drink most of our coffee? In buildings. Coffee is a \$100 Billion industry. 64% of Americans had at least a cup yesterday.

We're starting the year off with a different type of session. David will talk about coffee from the supply side. He's been on the ground where it is grown. He'll have some samples for you. He knows coffee. Stephanie will talk about the climate and its impact on coffee and chocolate. Steve will hand out his coffee awareness flyer he developed, and talk about how coffee grounds need to get to the soil instead of the landfill.

Speakers.....

David Buehrer, Proprietor
Greenway Coffee

Stephanie Thomas, PhD
Public Citizen

Steve Stelzer, AIA, LEED AP, True Advisor
GBRC Program Director

When.....

Wednesday, January 23, 2019:

6:00 p.m. – 8:00 p.m.

Free and open to the public

PLEASE RSVP: Steve.stelzer@houstontx.gov or

phone 832-394-9050

Held in the Green Building Resource Center located in the Houston Permitting Center with its LEED Gold Certification since 2012. The GBRC is Houston's best location for seeing displays of green building materials and strategies.
